First, I want thank you for all the effort and care \_\_\_\_\_ put into taking care of the damages to my vehicle, \_\_\_\_\_.

After extensive research and various discussions with vehicle experts, it has become clear that this accident has had a huge effect on the overall value and resell potential of our vehicle.

We have had the vehicle assessed and it has been determined that the market value has decreased by \_\_\_\_\_. I have attached a detailed report explaining the loss in value to this email for your review.

I am requesting settlement compensation in the amount of the report.

Thank you,
